WALTHAMMBURY®

POTATO
WEIGHER

M425/02
Incorporating all the best features of the Walthambury 320, the M425 offers 30% higher throughput than the M320. It represents a cost effective, single station, high throughput bagging solution for the new generation 10 tonne per hour grading lines.

- Fills up to 425 bags per hour of potatoes, carrots, root crops or processed vegetables into paper, hessian or plastic bags.
- Non lube pneumatic components eliminate the need for messy oiling and reduce maintenance.
- Rugged steel chassis construction continues to guarantee the legendary durability of Morray machines.
- Pneumatically assisted trickle feed system offers rapid and simple top up adjustment for varying products.
- Chassis construction eliminates soil build up on the moving mechanism.

**Optional Extras**

- Wide range of cleated belts to suit different products.
- Electronic bagging system.
- All contact parts are rubber lined for complete produce protection.
- Spigoted bag clamp assembly for rapid clamp change over
- Compatible with automatic sack placing, conveying and sealing system from the Morray range.
- Adjustable sack platform when a conveyor is not required.
- Carton tray support roller platform
- Dust extraction hood for dusty materials.
- Independent belt adjusters.
- Stainless steel, food quality construction.
- Modifications to allow for use in various weight ranges between 10kg - 50kg.

**TECHNICAL SPECIFICATIONS**

**Throughput**
Up to 425 bags per hour (depending on produce and bag size)

**Weight Range**
20kg to 25kg as standard (5 - 50kg optional).

**Air Requirements**
A cool dry air supply, 5.5bar (5cfm/142 ltr/min @ 80psi)

**Electrical Requirement**
440VAC 3 phase or 240VAC single phase
1 @ 370W / 1 @ 550W

**After Sales Service**
Fast on site service by factory trained engineers coupled with extensive stocks of competitively priced spare parts guarantees maximum productivity and protects the customer’s investment.
